"Bittersweet" von Ville Vallo und dem Kerl von The Rasmus.

Du meinst doch sicherlich Apocalyptica mit den Stimmen von Ville und Lauri, oder?

Ansonsten vielleicht noch:

The 69 Eyes - Gothic Girl

Candlemass - Dark are the veils of death

Candlemass - At the gallows end

Marduk - Life's Emblem

Upon that storied marble cast thine eye.

The scene commands a moralising sigh.

E'en in Arcadia's blessed Elysian plains,
amidst the laughing nymphs and sportive swains.

but Reason's finger pointing at the tomb.

[Man:] So say me, noble stranger, what brings you here this night?

[Man:] But in youth am I still, and in flesh am I strong.

[Death:] And I have a disease for every sin that you have done.

[Man:] But I've done nothing wrong, nothing bad or untrue.

[Death:] Neither God nor Devil agrees with you!
