

Englisch: Formulierungen für Aufgabenstellungen

Beitrag von „Meike.“ vom 2. November 2009 17:36

Bei mir sind die Ansagen meist kontextgebunden ..

"now that discussion leads us directly to the question whether... please answer that with a partner."

"so, the next logical step would be to figure out ... please do that in small groups"

"Now you have read the text/listened to the song... let me know what you think! How do you like the author's attitude..." etc.
