

# YouTube Kanalliste

**Beitrag von „Philio“ vom 3. November 2021 19:36**

Liebes Forum

Während diverser Lockdowns bin ich zeitweise etwas länger auf YouTube hingengeblieben 😊 und habe angefangen, den einen oder anderen Kanal zu abonnieren. Inzwischen ist daraus eine ziemlich lange Liste geworden und ich dachte, ich teile die einfach mal 😊 Hauptsächlich sind es Kanäle zu Naturwissenschaft, Mathematik, Kultur, Philosophie, Fotografie und Kunst. Vielleicht sind nicht alle für die Schule nutzbar, manche finde ich einfach nur unterhaltsam. Use at your own risk 😊
